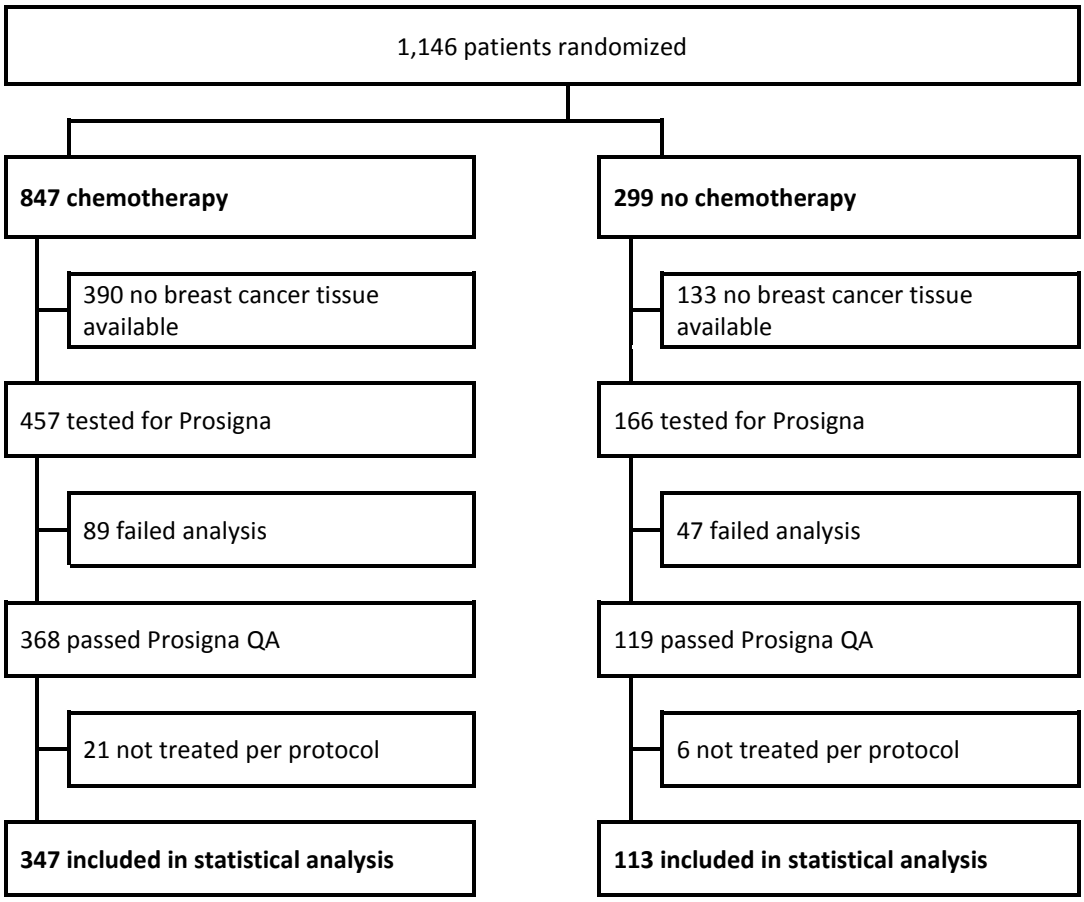
Figure S1



1,146 patients randomized
847 chemotherapy
390 no breast cancer tissue available
457 tested for Prosigna
89 failed analysis
368 passed Prosigna QA
21 not treated per protocol
347 included in statistical analysis
299 no chemotherapy
133 no breast cancer tissue available
166 tested for Prosigna
47 failed analysis
119 passed Prosigna QA
6 not treated per protocol
113 included in statistical analysis
