

**Supplemental Table 1.** Neoadjuvant (a) and adjuvant chemotherapy (b) and radiotherapy regimens patients received. Some patients received chemotherapy in other hospital districts and, thus, information regarding the type of chemotherapy received is unknown.

Abbreviations: NAT, neoadjuvant chemotherapy; n, number of patients; GEM, gemcitabine; CAP, capecitabine; CIS, cisplatin; Nab-PTX, nanoparticle albumin-bound paclitaxel; PTX, paclitaxel; ERL, erlotinib; OXA, oxaliplatin; CAR, carboplatin; n/a, not applicable.
