HCW COVID-19

Thank you for participating in this survey to better understand how we provide care during a major outbreak. Given the ongoing Covid-19 outbreak, it is timely that we generate data that reflects current perspectives on infection prevention and control during a major respiratory infection outbreak.

The survey should take between 10-15 minutes to complete. All of your answers will be anonymous, and no identifiable information is being collected. By completing the survey, you imply that you consent to this project. All data will be securely stored, and then destroyed five years after it is analyzed.

This survey has been approved by the ethics board at the University of British Columbia, Canada. If you have any concerns or complaints about your rights as a research participant, please call the Office of Research Ethics at 604-822-8598 (Toll Free: 1-877-822-8598 or emailRSIL@ors.ubc.ca), and mention study number H20-00438

The healthcare service where I work can manage current patient demand related to Covid-19	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am confident that the healthcare service where I work can continue to manage patient demand related to Covid-19 over the next 3 months.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The healthcare service where I work has an effective system for triage of patients with suspected Covid-19.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Skills	Strongly disagree (1)	2	3	4	5	6	Strongly agree (7)
I have received sufficient training in the infection prevention and control practices specifically for Covid-19	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have received general training for infection, prevention and control procedures for other communicable diseases	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am confident in my ability to correctly don and doff personal protective equipment to prevent transmission of Covid-19 to others and myself.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Social/ Professional Role and Identify

	Strongly disagree (1)	2	3	4	5	6	Strongly agree (7)
In my professional role, I know what is expected from me to deliver infection prevention and control to prevent Covid-19 spread (for example, regular hand washing, use of personal protective equipment, proper disposal of equipment) in in my hospital	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is important for me in my role to follow the recommended infection prevention and control procedures to prevent Covid-19 spread (for example, regular hand washing, use of personal protective equipment, proper disposal of equipment) at my hospital	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Beliefs about consequences

	Strongly disagree (1)	2	3	4	5	6	Strongly agree (7)
I consider that the implementation of protective measures at work is generally effective to prevent the spread of Covid-19 infection in my hospital	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following the infection prevention and control recommendations will protect me from getting Covid-19 infection	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following recommended infection, prevention and control procedures adds significant additional strain to my workload.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following recommended infection, prevention and control procedures adds unnecessary additional strain to my workload.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Intentions

	Strongly disagree (1)	2	3	4	5	6	Strongly agree (7)
I will always use a medical mask, eye protection, gown and gloves when taking care of patients with suspected or confirmed Covid-19.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Environmental context and resources

	Strongly disagree (1)	2	3	4	5	6	Strongly agree (7)
There are clear policies and protocols in my hospital for everyone to follow related to Covid-19	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I can easily access personal protective equipment (PPE) in line with standard infection control precautions, such as gloves, apron and fluid resistant surgical mask for Covid-19 in the hospital where I work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
In my hospital there are dedicated isolation facilities for patients with suspected Covid-19	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
