

Additional file 2: List of full text excluded with reasons

Author, year	Reason for exclusion
Chapman, 2017 (1)	Study assessed the association between variables, not prevalence
Cooney, 2017 (2)	Study assessed the association between variables, not prevalence
Eusebi, 2018 (3)	Study assessed the association between variables, not prevalence
Fuccio, 2017 (4)	Unit of measurement was not patients
Goodarzi, 2017 (5)	Study assessed the association between variables, not prevalence
Goyal, 2017 (6)	Unit of measurement was not patients
Haegglom, 2017 (7)	Study assessed the association between variables, not prevalence
Kurin, 2018 (8)	Study assessed the association between variables, not prevalence
Nokhodian, 2017 (9)	Unit of measurement was not patients
Pereira-Miranda, 2017 (10)	Study assessed the association between variables, not prevalence
Prioreschi, 2017 (11)	Study assessed the association between variables, not prevalence
Ross, 2017 (12)	Study assessed the association between variables, not prevalence
Verlaan, 2017 (13)	Study assessed the association between variables, not prevalence
Wang, 2017 (14)	Full text not found
Wang, 2017 (15)	Study assessed the association between variables, not prevalence
Ziukaite, 2017 (16)	Study assessed the association between variables, not prevalence
