

# Study design of the feasibility study

Marburg  
(80.000 inhabitants)

Gießen  
(75.000 inhabitants)

Shared development of  
the CHD pathway

GPs and  
cardiologists

Qualitative Evaluation

Study arm A:  
Developer

6 GPs

Study arm B:  
User

6 GPs

Study arm C:  
Control

6 GPs

Consecutive recruitment of CHD patients in each study arm

Quantitative Evaluation
