

Life After Prostate Cancer Diagnosis Prostate Patient Reported Outcomes Survey

More men are now living longer after a diagnosis of prostate cancer. We want to find out what life is really like for this group of men. Your answers will benefit other men with prostate cancer in the future by providing information to help clinical teams, service providers and policy makers make decisions about how to improve the quality of services for prostate cancer patients. We would be grateful if you would complete this survey, which asks for information about your health and quality of life.

If you have **not** had a diagnosis of prostate cancer this questionnaire is not relevant to you. Please tick the “no” box below and please accept our apologies for contacting you. Please return the blank questionnaire in the envelope provided and we will correct our records. If you have any questions about this survey please contact the FREEPHONE helpline number: **0808 801 0678**.

Have you ever been told by a doctor that you have prostate cancer?

Yes

No

If you have ticked yes to the first question please complete the rest of the survey.

If you have ticked no, please accept our apologies for this mistake, and send the questionnaire back to us in the envelope provided.

The survey

This survey is made up of eight sections and will take approximately 30 minutes to complete.

Who should complete the questionnaire?

The questions should be answered by the person named in the letter that came with this questionnaire. If that person needs help to answer the questions then the answers should be given from their point of view – not from the point of view of the person who is helping.

Completing the questionnaire

For each question please tick clearly inside the box of the response that best represents your views, using a black or blue pen. Do not worry if you make a mistake. Just cross out the mistake and put a tick in the correct box. Do not write your name or address anywhere on the questionnaire. The more questions in this survey that you complete, the more we can understand what life is like for those living with and beyond prostate cancer. However, if you feel unable or uncomfortable about answering any of the questions, leave it blank and move on to the next one.

The information you give us will be kept **securely** and treated in **confidence**. We will not publish any personal information that could allow anyone to identify you. We are very grateful for your time and effort in completing this survey.

If you have any queries about the questionnaire, please call the FREEPHONE helpline number: **0808 801 0678**

Please tell us about this:

8. Please tell us which treatments you have had following your diagnosis of prostate cancer *Please tick **all** the options that apply.*

A. Have you had surgery (prostatectomy)?

- No** → Go to B
- Yes** → What type of surgery? Please tick **one** box

- Open prostatectomy**
Operation performed through a cut in the abdomen above the pubic bone area (retropubic prostatectomy) or a cut in the area between the testicles and back passage (perineal prostatectomy).
- Laparoscopic (keyhole) prostatectomy**
Operation performed through small incisions in the abdominal wall.
- Robotic prostatectomy**
Operation performed with the assistance of a surgical robot (Da Vinci prostatectomy).
- I don't know what kind of operation I had**

B. Have you had radiotherapy?

- No** → Go to C
- Yes** → What type of radiotherapy? Please tick **all** that apply

- External beam radiotherapy (with or without hormone treatment)**
Radiotherapy uses high-energy X-ray beams to treat the whole prostate. This form of treatments includes both 3-dimensional conformal radiotherapy (3D-CRT) and intensity modulated radiotherapy (IMRT).
- Permanent seed (low-dose) brachytherapy**
This involves implanting radioactive seeds into the prostate gland.

Section Eight: Future contact

Follow-up survey

Thank you for completing this survey. We will be **contacting you again in a years' time** for the follow-up survey. If you decide at that time you would rather not complete the survey again there is no obligation to do so.

Follow-up interview

As part of this work we are going to be interviewing a small number of men and some partners /spouses to gain a better understanding of their experience. This will only involve men and their partners / spouses who indicate they are interested in being interviewed. We would normally only be able to interview either the participant or their partner/spouse. We will not be interviewing couples together.

If you or your partner/spouse is interested in being involved in the interview, please tick the relevant boxes below.

- I am interested in being interviewed for this work
- My partner / spouse is interested in being interviewed for this work

We are sorry we will not be able to contact all those who would like to participate in the interview, but we will make sure that we get the views of a varied group. If you are one of the group we would like to interview we will write to you explaining how to get in touch with us to find out more about the interview. If you are still interested, we would arrange a time for the interview. If you think your partner/spouse would like to be interviewed, we would follow a similar process by making the initial contact with you by letter.

You have completed the survey. Thank you for your time.
