

# GP knowledge, attitudes, policy and practice regarding blood borne viruses (BBV) among migrants, including refugees and asylum seekers

Public Health England (PHE) is carrying out a survey of GPs' knowledge, attitudes, policy and practice on BBV testing and care among migrants including refugees and asylum seekers. This is part of a larger programme of work to identify good practice and gaps in BBV service provision for these populations.

**We would be grateful if you would complete this short survey.**
