Other (Native bees, tree planting)		✓						DNR	WD	WD
Totals	5/9	3/9+	1/9	4/9	4/9	9/9	4/9			

Legend: *Crunch&Sip*® is a set time in primary schools in two Australian states (i.e. New South Wales and Western Australia), for students to 'refuel' on vegetables, salad and/or fruit and 'rehydrate' with water (schools choose whether they want to implement it) ; *DNR* Did not respond; *WD* Schools withdrew after baseline data collection and teachers were not available for post-intervention surveys; + teachers responding that they have other nutrition and/or sustainability programmes in their school, other than those listed on survey list.
