The PiCTure Study: Prostate investigations in Ireland

A few weeks ago you had a prostate biopsy at the hospital. We want to find out about your experience and how you have been feeling since then.

This questionnaire will take about 20 minutes to complete. All of the questions are important so please try to answer all the ones that apply to you. If you need help filling in the questionnaire you can ask someone you feel comfortable with to help you; please tell us if someone helped you and their relationship to you in question A1. If you would like more information about the study, please contact the project coordinator at 021-4548837. If you have any questions about your recent tests, or the results, please contact your hospital team or GP.

When you have filled in the questionnaire and signed the consent form, please return them both to us in the pre-paid envelope provided – no stamp is required. Thank you for your help.

Your questionnaire and everything you tell us will be kept strictly confidential
