

Interview guide

Knowledge of the guideline

- Can you tell me what you know of the Norwegian Musculoskeletal guideline?
- Additional questions:
 - Have you heard of the guideline?
 - Do you know where you can find the guideline?
 - Explain the guideline shortly if they have not heard of it before
- Have you used the guideline before? Why/why not?

Barriers and facilitators for guideline adherence

- What do you feel characterizes a good guideline?
 - Why are these factors important for you?
 - Are there any additional factors that make it more likely for you to use/adhere to a guideline?
- What do you feel characterizes a bad guideline?
 - Why are these the characterizations of a bad guideline for you?
 - Are there any additional factors that make it less likely for you to use/adhere to a guideline?

Guideline implementation

- Which implementation strategies have you experienced that have worked for you?
 - What was it about these strategies that worked for you?
 - If there are no strategies that have been experienced to work: why have not the strategies tried not worked for you?
- Use one or more examples of strategies tried earlier – Do you think this kind of implementation strategy would have worked for you?
 - Why / or why not?
- Are there any other implementation methods that you think could have worked for you?

Use of radiological services

- What do you feel affects the way radiological services are used today?
 - Follow up questions as needed
