

Building Staff Confidence Survey

1. Please indicate your profession:

- Occupational therapist (go to Q2, and answer all questions up to and including Q7)
- Physiotherapist (go to Q2, and answer all questions up to and including Q7)
- Speech Pathologist (go to Q8, and answer all questions up to and including Q11)
- Social Worker (go to Q12, and answer all questions up to and including Q15)

*If you are an **occupational therapist** or **physiotherapist**, please answer questions 2 – 7.
Otherwise, please skip to question 8.*

2. How many years of experience do you have working as an occupational therapist or physiotherapist?

_____ years

3. Did you help develop the module content with the Transdisciplinary Initial Neurological Screening Assessment (TINSA) project working party?

- Yes
- No

4. How long have you been administering the TINSA?

- 1 month or less
- 1 - 2 months
- 2 – 3 months
- 3 – 4 months
- 4 – 5 months
- 5 – 6 months
- 6 months or more

5. How many times have you administered the TINSA?

- 5 or less
- 6 – 10
- 11 – 14
- 15 or more

Remember that your rating of confidence does not necessarily reflect your clinical skills, so please answer the following questions as honestly as you can.

6. Right now, on a scale of 1 (no confidence) to 10 (high confidence) how would you rate your confidence in completing the TINSAs with patients?

7. Right now, what assessments tasks or questions are you **NOT** confident with? (Select all that apply).

- Social History
- Mood
- Sheffield Screening Test for Acquired Language Disorders
- Respiratory assessment
- Visual screens
- Perceptual screens
- Upper limb assessments
- Lower limb assessments
- Shoulder precautions
- Functional mobility assessment
- 10-meter walk test
