

**Additional Table 6: Simple super learner output**

---

Candidate algorithms	Risk <sup>1</sup>	Coefficient
Response-mean	0.501	0.372
LASSO regression	0.331	0.628
CART	0.393	0
Response-mean	0.501	0.344
LASSO regression	0.316	0.648
CART	0.387	0.008
Response-mean	0.501	0.375
LASSO regression	0.214	0.537
CART	0.264	0.088
Response-mean	0.501	0.334
LASSO regression	0.151	0.588
CART	0.219	0.077

---

CART, classification and regression trees; LASSO, least absolute shrinkage and selection operator.

<sup>1</sup>Risk is the mean of the loss measured by the negative binomial log-likelihood
