

Table 2. LLIN durability: T₀ survivorship

Characteristics	Cell	LLIN Thread	households visited	households dropped*	LLINs households enrolled**	% LLIN survivorship*** T ₀
peri-urban endemic	Cyimo	polyester	500	93	407	100
	Rusheshe	polyethylene	500	32	468	
rural hypo-endemic	Bungwe	polyester	500	24	476	
	Bushenya	polyethylene	500	17	483	
rural endemic	Rutabo	polyester	500	63	437	
	Burima	polyethylene	500	26	474	
TOTAL			3000	255	2745	

* households were dropped because they were either (1) closed or (2) open, but had not received an LLIN

** households re-visited during T₆ follow up visit

*** % of enrolled households with a coded LLIN at T₀ - by definition 100%
