

**Vacillating between emotional
confusion and sense of reality**

*Assessment for the
diagnosis impact on
the foetus well-being*

**Entering
uncertainty**

**Involved in an
ongoing change
and adaptation**

*Mixed feelings
Frightening silence
Encountering the
unexpected
Broken expectations
Being cared for or about*

*Trusting the professionals
Wanting to know
Needing support
Knowledge as a strength
Taking a new direction*
