

## APPENDIX 2 - Excluded records

### EXCLUDED FOLLOWING ABSTRACT SCREENING

#### Records not in English language

1. Tomé, F., A. Barriga, and L. Espejo, *Multiple disc herniation after chiropractic manipulation*. Revista de medicina de la Universidad de Navarra, 2004. **48**(3): p. 39-41.
2. An, G.-H., et al., *Effectiveness and safety of spinal manipulation for low back pain or neck pain: An overview of systematic reviews*. Chinese Journal of Evidence-Based Medicine, 2015. **15**(9): p. 1010-1017.
3. Brandt, T., E. Orberk, and C. Grond-Ginbach, *Clinical treatment and therapy for dissected cervicocerebral artery*. Nervenarzt, 2006. **77**(SUPPL. 1): p. S17-S30.
4. Tomé, F., A. Barriga, and L. Espejo, *Multiple disc herniation after chiropractic manipulation*. Archivos de Medicina del Deporte, 2005. **22**(107): p. 243-246.
5. Laniado-Laborín, R. and N. Cabrales-Vargas, *Diaphragmatic Paralysis Secondary to Chiropractic Manipulation of the Cervical Spine*. Revista del Instituto Nacional de Enfermedades Respiratorias, 2003. **16**(4): p. 254-256.
6. Lecocq, J. and P. Vautravers, *Complications of spinal manipulations*. Annales de Readaptation et de Medecine Physique, 1995. **38**(2): p. 87-94.
7. Schmitt, H.P., *Risks and complications of spinal manipulation: A neuropathological view*. Nervenarzt, 1988. **59**(1): p. 32-35.
8. Ernst, E., *Stroke after spinal manipulations? Commentary*. MMW-Fortschritte der Medizin, 2012. **154**(22): p. 33.
9. Ernst, E., *Risk of pediatric spinal manipulation*. MMW-Fortschritte der Medizin, 2007. **149**(14): p. 25.
10. Ernst, E., *How risky is cervical spine manipulation? MMW-Fortschritte der Medizin*, 2006. **148**(23): p. 26.
11. Lemmens, B., et al., *Phrenic nerve paralysis after cervical spine manipulation*. Presse médicale (Paris, France : 1983), 1992. **21**(35): p. 1685-1686.
12. Undabeitia, J., N. Samprón, and E. Úrculo, *Cauda equina syndrome after chiropractic treatment*. Neurocirugia, 2016. **27**(3): p. 151-153.
13. Palermo, M., et al., *Traumatic dissection of the extracranial right vertebral artery: Case report*. Rivista di Neurobiologia, 1997. **43**(5): p. 481-485.
14. Tinel, D., et al., *Vertebrobasilar ischemia after cervical spine manipulation: a case report*. Annales de readaptation et de medecine physique : revue scientifique de la Societe francaise de reeducation fonctionnelle de readaptation et de medecine physique, 2008. **51**(5): p. 403-14.
15. Menéndez-González, M., et al., *Wallenberg's syndrome secondary to dissection of the vertebral artery caused by chiropractic manipulation*. Revista de neurologia, 2003. **37**(9): p. 837-839.
16. Leboeuf-Yde, C., *How really dangerous is spinal manipulation? Läkartidningen*, 2000. **97**(4): p. 356, 359-361.
17. Rydell, N. and L. Räf, *Spinal manipulation--treatment associated with a high risk of complications*. Läkartidningen, 1999. **96**(34): p. 3536-3540.
18. *Adverse effects of alternative treatment*. Nordisk medicin, 1989. **104**(4): p. 123.
19. Chen, T.W. and S.T. Chen, *Brainstem stroke induced by chiropractic neck manipulation--a case report*. Zhonghua yi xue za zhi = Chinese medical journal; Free China ed, 1987. **40**(6): p. 557-562.

20. Schmitt, H.P., *Manual therapy in the region of the cervical spine. Manual therapy of the cervical spine and its dangers: ruptures and occlusions of the vertebral artery*. ZFA. Zeitschrift für Allgemeinmedizin, 1978. **54**(8): p. 467-474.
21. Tazelaar, G.H.P. and C.C. Tijssen, *Intracranial hypotension syndrome following manipulation of the cervical spine*. Nederlands Tijdschrift voor Geneeskunde, 2014. **158**(9).
22. Çitişli, V., et al., *Quadriplegia following chiropractic manipulation*. Journal of Neurological Sciences, 2012. **29**(3): p. 631-634.
23. Karl, I. and G. Egidi, *Chirotherapy - Conflicts between internal and external evidence*. Zeitschrift für Allgemeinmedizin, 2012. **88**(7-8): p. 322-327.
24. Ritz-Timme, S., *Clarification of risks in chiropractic measures - Dissection of the arteria*. Rechtsmedizin, 2009. **19**(1): p. 63-69.
25. Kuituxiard, K., H.Z. Flach, and F. Van Kooten, *Bilateral vertebral artery dissection during chiropractic treatment*. Nederlands Tijdschrift voor Geneeskunde, 2008. **152**(45): p. 2464-2469.
26. Dreher, R., et al., *Insufficiency fractures in rheumatology. Case report and overview*. Zeitschrift für Rheumatologie, 2006. **65**(5): p. 417-423.
27. Saxler, G., et al., *Spinal manipulative therapy and cervical artery dissections*. HNO, 2005. **53**(6): p. 563-567.
28. Izquierdo-Casas, J., et al., *Locked-in syndrome due to a vertebral dissection and therapeutic options with intraarterial fibrinolysis in acute phase*. Revista de Neurologia, 2004. **38**(12): p. 1139-1141.
29. Oehler, J., et al., *Bilateral vertebral artery dissection after chiropractic treatment*. Orthopade, 2003. **32**(10): p. 911-913.
30. Dupeyron, A., et al., *Complications following vertebral manipulation - A survey of a French region physicians*. Annales de Readaptation et de Medecine Physique, 2003. **46**(1): p. 33-40.
31. Yokota, J.-I., et al., *The medial medullary infarction (Dejerine syndrome) following chiropractic neck manipulation*. Brain and Nerve, 2003. **55**(2): p. 121-125.
32. Urakawa, M., et al., *Vertebral artery occlusion following neck trauma: Report of two cases*. Brain and Nerve, 2003. **55**(2): p. 141-145.
33. Gamer, D., et al., *Horner's syndrome in dissection of the carotid artery after chiropractic manipulation*. Klinische Monatsblätter für Augenheilkunde, 2002. **219**(9): p. 673-676.
34. Cagnie, B., E. Vinck, and D. Cambier, *Side and adverse effects of spinal manipulation*. Tijdschrift voor Geneeskunde, 2002. **58**(20): p. 1317-1323.
35. Kraft, C.N., et al., *Non-cerebrovascular complications accompanying chiropractic manipulation of the cervical spine*. Zeitschrift für Orthopädie und Ihre Grenzgebiete, 2001. **139**(1): p. 8-11.
36. Leweke, F., et al., *Bilateral vertebral dissection following chiropractic manipulation of the neck*. Aktuelle Neurologie, 1999. **26**(1): p. 35-39.
37. Bayer, K., *Vertebral artery dissection and chirotherapy*. Manuelle Medizin, 1998. **36**(5): p. 241-245.
38. Schilgen, M. and T. Graf-Baumann, *Vertebral artery injury and chiropractic manipulation of the cervical vertebrae spine: Practical consequences*. Manuelle Medizin, 1997. **35**(5): p. 249-253.
39. Ringelstein, E.B., *Dissections of the vertebral artery by chiropractic manipulation: An underestimated risk*. Manuelle Medizin, 1997. **35**(5): p. 240-245.
40. Alimi, Y., et al., *Dissecting aneurysm of vertebral arteries after chiropractic cervical manipulation. About two cases*. Journal des Maladies Vasculaires, 1996. **21**(5): p. 320-323.
41. Liepert, J., O. Rommel, and K. Witscher, *Electrophysiological findings in an iatrogenic case of Wallenberg's syndrome*. EEG-EMG Zeitschrift für Elektroenzephalographie Elektromyographie und Verwandte Gebiete, 1995. **26**(4): p. 239-243.

42. Braus, D.F. and R. Mainka, *Stroke following chiropractic manipulation: A rational strategy for diagnosis*. *Manuelle Medizin*, 1993. **31**(4): p. 92-96.
43. Dupont, C., et al., *Two cases of locked-in syndrome after chiropractic cervical manipulation*. *Annales de Readaptation et de Medecine Physique*, 1992. **35**(2): p. 101-104.
44. Braune, H.J., M.H.J. Munk, and G. Huffmann, *Cerebral infarct in the area supplied by the medial cerebral artery after chiropractic manipulation of the neck*. *Deutsche Medizinische Wochenschrift*, 1991. **116**(27): p. 1047-1050.
45. Krieger, D., M. Leibold, and H. Bruckmann, *Dissections of the vertebral artery after cervical chiropractic manipulations*. *Deutsche Medizinische Wochenschrift*, 1990. **115**(15): p. 580-583.
46. Dahl, A., P. Bjark, and I.M. Anke, *Cerebrovascular complication following manipulation of the neck*. *Tidsskrift for den Norske Laegeforening*, 1982. **102**(3): p. 155-157+190.
47. Schmitt, H.P., *Ruptures and thromboses of the arteria vertebralis after closed mechanical injuries*. *Schweizer Archiv fur Neurologie, Neurochirurgie und Psychiatrie*, 1976. **119**(2): p. 363-379.
48. Schmitt, H.P. and L. Tamaska, *Dissecting rupture of vertebral artery with fatal thrombosis of vertebral and basilar arteries*. *Zeitschrift fur Rechtsmedizin*, 1973. **73**(4): p. 301-308.
49. Tachibana, S., K. Tashiro, and T. Kashiwaba, *A case of Wallenberg's syndrome after neck injury (Japanese)*. *Brain and Nerve*, 1974. **26**(5): p. 603-607.
50. Wolff, H.D., *Cervical disc protrusion following chiropractic' therapy*. *Man.Med*, 1972. **10**(6): p. 124-127.
51. Oger, J., J. Brumagne, and J. Margaux, *Accidents in vertebral manipulation*. *J. Belg. Med. Phys. Rhum.*, 1964. **19**(2): p. 56-78.
52. Oger, J., *Risks and accidents in vertebral manipulation*. *Revue du rhumatisme*, 1966. **33**(9): p. 493-504.
53. Grossiord, A., *Neurological accidents arising from cervical manipulation*. *Annales de Medecine Physique*, 1966. **9**(3): p. 283-298.

#### Excluded letters

54. *Osteopathic manipulation resulting in damage to the spinal cord*. *British medical journal (Clinical research ed.)*, 1985. **291**(6510): p. 1720-1.
55. Bolton, J. and H. Thiel, *Adverse effects of spinal manipulation (6)*. *Journal of the Royal Society of Medicine*, 2007. **100**(10): p. 446.
56. Brownhill, K., *Comments on "Spinal manipulation in patients with disc herniation: A critical review of risk and benefit"*. *International Journal of Osteopathic Medicine*, 2007. **10**(1): p. 29.
57. Côté, P., et al., *Spinal manipulative therapy is an independent risk factor for vertebral artery dissection 1 (multiple letters)*. *Neurology*, 2003. **61**(9): p. 1314-1315.
