Additional file 2: Specific training in laid-back breastfeeding and the impact of that on midwives and student midwives suggesting it.

		Have you ever attended training, lectures, or conference sessions specifically on laid-back breastfeeding, i.e., discussing positional stability for infants and the 20 primitive neonatal reflexes that this position activates?					Total
		Yes <mark>, and I</mark> found it helpful for my practice	Yes, but I did not find it useful	No	<mark>No</mark> , but I would like to	l am not sure	
Which of the following best describes the scenario where you would suggest laid-back breastfeeding?	It's my "go-to" position, to encourage mothers' own skills first	<u>21.6%</u>	0.0%	0.0%	2	1 16.7%	11 5.7%
	Only when other positions do not seem helpful I only tend to suggest it immediately after birth with skin to skin contact to	4 10.8% 4 10.8%	0 0.0% 1 100.0%	12 21.1% 8 14.0%	17 18.7% 15 16.5%	1 16.7% 0 0.0%	34 17.7% 28 14.6%
	encourage the first breastfeed As an addition to other positions	20	0	23	38 41.8%	2	83
	I have never helped a mother use this position for breastfeeding	1 2.7%	0.0%	14 24.6%	19 20.9%	2 33.3%	36 18.8%
