SYSTEMATIC REVIEW FULL-TEXT EXTRACTION FORM

STUDY INFORMATION

Study ID: _____   Reviewer Initials: _____

Last Name of First Author, Initial: _____   **Year of Publication:** _____

Title of Article: _____

Journal Name: _____   **City, Country:** _____

METHODS

Study Setting: _____   **Study Design:** _____

Sample Size: Total _____, Men _____, Women _____

Mean Age (SD):   Total _____, Men _____, Women _____

Ethnicity: _____

RESULTS

MMT-related Outcome (See List of Outcomes in Protocol): _____

Specific domain of outcome (See List of Domains in Protocol): _____

Outcome Definition: _____

Outcome Measurement: _____

Outcome Values: Men _____, Women _____

Statistical Testing/Methods: _____

Statistical Results: Coefficient _____, 95% CI _____, p-value _____

Study Limitations: _____

Inclusion [must check all to be included] ☐ **The study is looking at MMT patient populations**
☐ **Study participants on MMT for the treatment of opioid addiction**
☐ **The study participants are human**
☐ **The study has been completed**
☐ **The study is in English**

Exclusion [exclude study if any of the following is checked]:
☐ **Incomplete studies**
☐ **Abstract only**
☐ **The primary focus of the study is not MMT-related**
☐ **The study focuses on a different Substitute Opioid Therapy (i.e. suboxone)**
☐ **The study is on animal populations**

Comments: _____
