

## PRISMA-P 2015 Checklist

This checklist has been adapted for use with systematic review protocol submissions to BioMed Central journals from Table 3 in Moher D et al: Preferred reporting items for systematic review and meta-analysis protocols (PRISMA-P) 2015 statement. *Systematic Reviews* 2015 4:1

An Editorial from the Editors-in-Chief of *Systematic Reviews* details why this checklist was adapted - Moher D, Stewart L & Shekelle P: Implementing PRISMA-P: recommendations for prospective authors. *Systematic Reviews* 2016 5:15

| Section/topic                     | #  | Checklist item  | Information reported                |                                     | Line number(s) |
|-----------------------------------|----|---|-------------------------------------|-------------------------------------|----------------|
|                                   |    |   | Yes                                 | No                                  |                |
| <b>ADMINISTRATIVE INFORMATION</b> |    |   |                                     |                                     |                |
| <b>Title</b>                      |    |   |                                     |                                     |                |
| Identification                    | 1a | Identify the report as a protocol of a systematic review  | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 3              |
| Update                            | 1b | If the protocol is for an update of a previous systematic review, identify as such  | <input type="checkbox"/>            | <input checked="" type="checkbox"/> |                |
| <b>Registration</b>               | 2  | If registered, provide the name of the registry (e.g., PROSPERO) and registration number in the Abstract  | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 18             |
| <b>Authors</b>                    |    |   |                                     |                                     |                |
| Contact                           | 3a | Provide name, institutional affiliation, and e-mail address of all protocol authors; provide physical mailing address of corresponding author   | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 13             |
| Contributions                     | 3b | Describe contributions of protocol authors and identify the guarantor of the review   | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 334-335        |
| <b>Amendments</b>                 | 4  | If the protocol represents an amendment of a previously completed or published protocol, identify as such and list changes; otherwise, state plan for documenting important protocol amendments | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 293-296        |
| <b>Support</b>                    |    |   |                                     |                                     |                |
| Sources                           | 5a | Indicate sources of financial or other support for the review   | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 332-333        |
| Sponsor                           | 5b | Provide name for the review funder and/or sponsor   | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 332-333        |
| Role of sponsor/funder            | 5c | Describe roles of funder(s), sponsor(s), and/or institution(s), if any, in developing the protocol  | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 332-333        |
| <b>INTRODUCTION</b>               |    |   |                                     |                                     |                |
| <b>Rationale</b>                  | 6  | Describe the rationale for the review in the context of what is already known   | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 19-150         |

| Section/topic                             | #   | Checklist item  | Information reported                |                          | Line number(s)      |
|---|-----|---|-------------------------------------|--------------------------|---------------------|
|   |     |   | Yes                                 | No                       |                     |
| <b>Objectives</b>                         | 7   | Provide an explicit statement of the question(s) the review will address with reference to participants, interventions, comparators, and outcomes (PICO)  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 151-156             |
| <b>METHODS</b>                            |     |   |                                     |                          |                     |
| <b>Eligibility criteria</b>               | 8   | Specify the study characteristics (e.g., PICO, study design, setting, time frame) and report characteristics (e.g., years considered, language, publication status) to be used as criteria for eligibility for the review                   | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 168-186             |
| <b>Information sources</b>                | 9   | Describe all intended information sources (e.g., electronic databases, contact with study authors, trial registers, or other grey literature sources) with planned dates of coverage  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 197-233             |
| <b>Search strategy</b>                    | 10  | Present draft of search strategy to be used for at least one electronic database, including planned limits, such that it could be repeated  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 518-730             |
| <b>STUDY RECORDS</b>                      |     |   |                                     |                          |                     |
| Data management                           | 11a | Describe the mechanism(s) that will be used to manage records and data throughout the review  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 234-237             |
| Selection process                         | 11b | State the process that will be used for selecting studies (e.g., two independent reviewers) through each phase of the review (i.e., screening, eligibility, and inclusion in meta-analysis)   | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 239-244             |
| Data collection process                   | 11c | Describe planned method of extracting data from reports (e.g., piloting forms, done independently, in duplicate), any processes for obtaining and confirming data from investigators  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 239-244,<br>731-732 |
| <b>Data items</b>                         | 12  | List and define all variables for which data will be sought (e.g., PICO items, funding sources), any pre-planned data assumptions and simplifications   | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 731-732             |
| <b>Outcomes and prioritization</b>        | 13  | List and define all outcomes for which data will be sought, including prioritization of main and additional outcomes, with rationale  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 187-196<br>731-732  |
| <b>Risk of bias in individual studies</b> | 14  | Describe anticipated methods for assessing risk of bias of individual studies, including whether this will be done at the outcome or study level, or both; state how this information will be used in data synthesis                        | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 245-245<br>270-292  |
| <b>DATA</b>                               |     |   |                                     |                          |                     |
| <b>Synthesis</b>                          | 15a | Describe criteria under which study data will be quantitatively synthesized   | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 270-292             |
|   | 15b | If data are appropriate for quantitative synthesis, describe planned summary measures, methods of handling data, and methods of combining data from studies, including any planned exploration of consistency (e.g., $I^2$ , Kendall's tau) | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 264-292             |

| Section/topic                            | #   | Checklist item  | Information reported                |                                     | Line number(s) |
|--|-----|---|-------------------------------------|-------------------------------------|----------------|
|  |     |   | Yes                                 | No                                  |                |
|  | 15c | Describe any proposed additional analyses (e.g., sensitivity or subgroup analyses, meta-regression)                         | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 277-292        |
|  | 15d | If quantitative synthesis is not appropriate, describe the type of summary planned  | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 271-272        |
| <b>Meta-bias(es)</b>                     | 16  | Specify any planned assessment of meta-bias(es) (e.g., publication bias across studies, selective reporting within studies) | <input type="checkbox"/>            | <input checked="" type="checkbox"/> |                |
| <b>Confidence in cumulative evidence</b> | 17  | Describe how the strength of the body of evidence will be assessed (e.g., GRADE)  | <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 291-292        |
