Supplementary table 2: The association between tumour-stroma ratio and tumour budding. (Chi-square $p=0.001$)

		Tumour-stroma ratio		Total
		Stroma-low	Stroma-high	
Tumour budding	Low	120 (88%)	74 (68%)	194
	Intermediate	10 (7%)	25 (23%)	35
	High	7 (5%)	10 (9%)	17
Total		137	109	246
